***REASONS FOR ALLOWANCE***

The following is an Examiner's Statement of Reasons for Allowance:

Claims 1-14 would be allowable if provide a terminal disclaimer. These claims would be allowable because none of the prior m references of record discloses an ink cartridge comprising a valve structure that is provided to a part of a stop, the valve structure selectively opening and closing the communication between an opening of an ink cartridge housing and an ink reservoir, depending on a positional condition of the stop in the combination as claimed.

Claims 15-24 are allowed because none of the prior art references of record teaches an ink cartridge comprising a stop that is moveable between a first position permitting communication between an opening of the ink cartridge and a fluid path, and a second position in which the stop substantially obstructs communication between the opening and the fluid path in the combination as claimed.

***CONCLUSION***

Any comments considered necessarily by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
